

REMARKS/ARGUMENTS

Reconsideration and allowance of this application are respectfully requested. Currently, claims 17-23 are pending in this application.

Objection to the Specification

The abstract was objected to because “there are references to the claims in the specification, for example on page 9, but some of the claims are no longer a part of the application or have been significantly amended and the discussion in the specification no longer corresponds.” First, the reference to the claims on page 9 of the specification was deleted in the Amendment/Response filed June 24, 2005. In an abundance of caution, Applicant has provided a new abstract which corresponds to the currently pending claims. Applicant thus respectfully requests that the objection to the specification be withdrawn.

Rejection Under 35 U.S.C. §112

Claims 17-23 were rejected under 35 U.S.C. §112, second paragraph, as allegedly being indefinite. In particular, the Office Action held that “In claim 17, the phrase ‘so as to be adapted to the AP interface as an interface satisfying the required specification’ is unclear. Is what is being adapted the first data or second data?” Claim 17 has been editorially amended to make clear that it is the “second data” which is adapted in the above-noted claim phrase. Further editorial amendments have been made to ensure that all claim limitations have a proper antecedent basis.

Accordingly, Applicant respectfully requests the rejection of claims 18, 21 and 23 under 35 U.S.C. §112, be withdrawn.

Allowable Subject Matter:

Since claims 17-23 are in full conformance with 35 U.S.C. §112, second paragraph, claims 17-23 are allowable as indicated in section 11 (page 3) of the Office Action.

Conclusion:

Applicant believes that this entire application is in condition for allowance and respectfully requests a notice to this effect. If the Examiner has any questions or believes that an interview would further prosecution of this application, the Examiner is invited to telephone the undersigned.

Respectfully submitted,

NIXON & VANDERHYE P.C.
